Attention: Mr. Tommy Muckenfuss

Subject: N1 Completion

Dear Tommy,

We have completed our project for Daikin and will be leaving the area soon. I want to let you know that we appreciate the effort your company put forth regarding the HVAC contract. It wasn't always easy, but you, your supervision and your employees worked with us and the other contractors on this project in the utmost professional way.

We have always had a good personal and professional relationship with your company. We are looking forward to working with you again.

Best Regards,
Chiyoda International Corporation
