Tuscaloosa, Alabama 35403

Dear Tommy:

The purpose of this letter is to hand-out large measures of praise to you, Martin Hagler and all your people for the outstanding job you did for us at Kimberly-Clark!

I was impressed with many things as I watched your people work but listed below are a few specifics.

- All the crafts were on top of their work and knew what had to be done.
- The job was well planned and smartly executed.
- The fabrications were of outstanding quality and accuracy.
- The crews worked hard and functioned very professionally.

Overall, I felt that I was getting a high value for my construction dollar. Please pass on to all your people my thanks for a job very well done. I hope to have the opportunity to work for you again in the future.

I would like to ask one other favor. Bill Hamilton showed me a clipboard with calculator that you used as a sales promotion. I was impressed and have asked Bill to get the address of the supplier in order that we can consider doing something similar. Bill is terribly busy right now and might not get the chance to get back to you, so if you would send me the address, I would greatly appreciate it.

Sincerely,

James P. Schmucker
