J. Edward Woods
SENIOR VICE PRESIDENT

October 11, 1990

Mr. Harold McAbee
Vice President and General Manager
McAbee Construction Inc.
P. O. Drawer 1460
Tuscaloosa, Alabama 35403

Dear Harold:

I returned to Tuscaloosa shortly after lunch yesterday and didn't have a chance to properly thank you for taking the time to provide lunch for the assembled group. It was a thoughtful gesture and one that everyone appreciated.

On a broader scale, I'd also like to thank you and your associates for the effort put into the Maplesville project. When we started this project in the spring of 1989, I had no idea how complex it would be to build around the existing operation. I know that it added to the difficulty of the job, and you and all of your associates are to be congratulated for moving the building to its current state.

Sincerely,

J. Edward Woods
