To Whom It May Concern:

Gulf States Paper Corporation, Demopolis, Alabama, Board Division has been utilizing the services of McAbee Construction, Inc. for approximately ten years. McAbee Construction, Inc. has performed many jobs in both repair work and new construction for Gulf States Paper Corporation. Some of the types of work they have performed for Gulf States include air, water, steam, gas, oil and chemical piping, duct work, concrete foundation and slabs, various equipment installation and repair, and structural steel installation.

At the present time McAbee Construction, Inc. has a contract of approximately \$1,500,000.00 with Gulf States Paper Corporation. Included in this contract is the steel erection of a new Recovery Boiler building, electrostatic precipitator building, and a sawdust digester building, and all the piping for the new recovery boiler, and sawdust digester. Also included is major modification work in the caustizing area.

McAbee Construction, Inc. is very co-operative and dependable, and they perform a very high quality of work. Gulf States has found McAbee Construction, Inc. an excellent contractor with which to do business.

Sincerely,

GULF STATES PAPER CORPORATION
