Dear Mr. McAbee:

At the conclusion of the 1990 Annual Utility Outage of the Naheola mill, the Mill Services group, which is comprised of Maintenance, Engineering, Stores and Purchasing, performed a self-audit on how we did during this utility outage.

It is my pleasure to inform you that your firm was listed among our "CONTRACTORS OF MERIT". This was based upon your quality of work, response time, supervision and timely completion. To be fair, most of our contractors and suppliers performed satisfactorily and as expected, however your approach in helping the Naheola mill have a successful shutdown and start-up separated you from the rest.

This letter is just to say thank you and express the appreciation of the Naheola mill and my personal appreciation in helping us be successful. We look forward to the opportunity to work with your firm on future projects.

Sincerely,

JAMES RIVER CORPORATION

John C. Ignac, III
Director, Mill Services
