ATTN: Mr. Leroy McAbee

Dear Sir:

I would like to take this opportunity to convey my sincere thanks and appreciation for the cooperation received from your firm, and in particular, from Mr. Tommy Muckenfuss and Mr. James Snipes and their crews during the recent shutdown project in replacing the large gas duct to the Roller Mill here at the Demopolis plant of the Citadel Cement Corporation under the direction of our Mr. Henry Borowicz.

The dedication of all concerned was instrumental in making it possible to maintain a very tight construction schedule which was necessary in order to minimize the loss of production.

Yours very truly,

L. Todd
Project Manager
