Macon Branch Expansion

Gentlemen:

Thank you for providing backup support for the valve replacement operation conducted during the July 4, 1983 shutdown in Macon, Georgia. You helped us out of a tight situation and we certainly do appreciate it.

This spirit of cooperation characterizes the service I have received from McAbee Construction the last twelve or thirteen years, and we look forward to continued good relations on future projects.

Thank you for being there when we needed you.

Very truly yours,
